2.3 Towards FRA Constitution Submissions

These are some of the issues we hope to bring to the meeting. The final submission shall be with those put forward by our own youth members on 6 & 10/10/12. We hope to then submit a full paper to FRA by 11/10/12 .

Issue: Impact of Historical Problems

The advent of the Europeans and Christianity on the Island have greatly affected the members of Rotuma Island at social, economic and political levels. Some of which have had a negative impact on our people's perspectives and relationship with one another. Such notable ones include the following:

- indigenous island polity and selection of cultural leaders;
- religious prejudice
- district or ethnic discrimination and prejudice
- demarcation of land boundaries

Propose: that the new constitution recognize the appropriate traditional systems of minority ethnic and cultural groups prevalent in Fiji where most suitable to the majority of those concerned.

Issue: Minority Group Representation In Parliament

Over the years, the Rotuman Community have always had one representative in parliament. As a minority population in Fiji, the Rotumans like all others have paid tax, added value to the Fiji economy such as its contribution to the diversity and richness of the Fiji demography.

Propose: for the new Constitution to consider proportional representation based on the actual population statistics of its people who are citizens of this nation.

Issue: Strengthening of Trade

Much have been said about Rotuma as a port of entry. Similarly, on Rotuma Island's trade with Tuvalu.

Propose for the new Constitution to recognize the systems of trade where purchases are made in the currency of the dominant trade country and funds channeled directly to the Council or actual suppliers of produce.

Issue: Bring Back the 1997 Constitution

The 1997 Constitution is understood as one of the best constitutions ever drafted for Fiji. However, in its current state may not be the ideal one for this country.

Propose: That the Commission remove the preamble and any issues that may cause division among racial and ethnic groups.

3.0 GENERAL BUSINESS

- 3.1 We note the concern of the Suva Pepjei Association and the new FRA Secretariat on matters surrounding our Financial Audit Report of 2012 as well as the current bank finance status. All FRA representatives were present at the Special Finance meeting prior to the AGM and the AGM was conducted as a public event. The accounts were endorsed and passed at the latter meeting after all financial queries were addressed. We hope that the FRA will be able to discuss and address any further queries at the appropriate forum.
- 3.2 We propose that all recommendations noted in the previous FRA meetings (2011 – 2012) namely the Special Finance Meeting and the Annual General Meeting be addressed in order of strategic significance.
- 3.3 SJA AGM was moved from the July meeting to 1 January, 2013.

4.0 Acknowledgement

We wish to reiterate the welcome of all new and old members of the FRA as well as the Secretariat to their first meeting of the 2012 – 13 journey. We thank you for your participation.
